Why Choose Us?

Attention to Details

It's our attention to the small stuff, scheduling of timelines, and keen project management that makes us stand out from the rest. We are creative while keeping a close eye on the calendar and your budget.

A Plan for Success

You want results. We have found that the best way to get them is with up-front research – of your company, competitors, target market, and customer psychographics. Only after we fully understand you and your customers, do we recommend a plan of attack.

Creativity

We bring our diverse background in advertising, design, branding, public relations, research, and strategic planning to work for your company. Not only will your materials look great – they will get results.

Pricing

Our prices are competitive and fair. There are no surprise bills. Any unexpected or additional expenses must be pre-approved by you. That's how we would like to be treated, and that is how our clients are treated.

Our Team

At Excel Pixels, we are a team of creative thinkers and problem solvers trained and committed to delivering breakthrough solutions. We pride ourselves as people who believe in constant change. We never stop learning new ways and adopt new ideas and strategies in our effort to strive for excellence in everything we do.
